

# INTERNATIONAL CONFERENCE ON SUSTAINABILITY AND GOVERNANCE

## The 8<sup>th</sup> Sustainability Practitioner Conference (SPC)

### Sustainable Performance and Business Resilience: Navigating the Path to Success

In today's rapidly evolving environment, firms must achieve sustainable performance while creating resilience to unanticipated challenges. Academics, industry experts, sustainability practitioners, and professionals will discuss the dynamic relationship between sustainability, performance, and business resilience at the ICSG. Participants will discover ideas, best practices, and new techniques to establish a sustainable, high-performing, and resilient business ecosystem through captivating presentations, interactive conferences, and collaborative conversations. In this event, we also accept submission sustainability related issues.
